Summer water safety

Accidents are mostly preventable with the correct knowledge and judgment and here are our tips to staying safe in the water during the summer:

To enjoy the water safely and make the right call...

- **Enter slowly and carefully**
Think carefully about your ability to splash or swim in cold outdoor water. 49% of those who lost their life were classified as swimmers*. Are you really a good swimmer?
- **Stay within reach**
Don't go too far and stay within a standing depth.
- **Always be supervised**
Over 70% of fatal accidents occur in the absence of professional supervision. Seek life guarded areas and always make sure some one is available to raise the alarm.

Summer is an amazing time to enjoy our beautiful waterways but we must be mindful that warmer weather is directly linked to an increase in fatal drowning incidents.

Rivers and Lakes/Lochs pose the greatest statistical risk as there are often hazards that the average person is equipped to handle and there is a lack of professional supervision.

In an emergency...

- **Call 999**
Ask for the Fire and Rescue Service when inland and the Coastguard if at the coast. Don't enter the water to rescue.
- **If you're in trouble FLOAT and call for help**
Fall in or become tired – stay calm, float on your back and call for help. Throw something that floats to somebody that has fallen in.

Weekday Mass Times *(see parish newsletter for weekday variations)*

As a parish, one of our priorities is the care of those who are bereaved, we receive daily requests for Requiem Masses and Funeral Services in a particular church at a particular time, and we always try and accommodate the families wishes at what is a difficult time.

Another priority is to offer a weekday Mass in each of the four churches in the parish. We will attempt to ensure that this happens, but I ask you all to read the liturgy page in the newsletter every week and do not presume that the Mass is always at a certain time on a certain day in a particular church. We need to be vigilant and read the newsletter! Thank you!
